Changes to the Public Safety Administration Concentration of the Organizational Management Degree

In response to requests from students, employers, and college advisory committees, IRSC has obtained approval from the State Board of Education to begin offering Bachelor of Science degrees in Criminal Justice and Public Administration. These new degree programs have been designed to specifically serve the needs of students interested in careers in law enforcement, fire science, emergency management, and other public service occupations. As a result, the Public Safety Administration concentration of the Organizational Management degree is no longer accepting new students. Students currently enrolled in this degree program will have multiple opportunities to complete their degree requirements, or to transfer to another baccalaureate degree program.

For more details, read the Public Safety Administration Transition Letter.
