Interested in a Scholarship?

Apply online at [www.irscfoundation.org](http://www.irscfoundation.org)

INDIAN RIVER STATE COLLEGE is a public, comprehensive college, ranked as one of the best in the nation for its commitment to student success. The College is a national Top Ten Finalist for the prestigious Aspen Prize and ranked as the 9th top public regional college in the South by *U.S. News and World Report*. Over 30,000 people enroll in IRSC courses each year, attracted by its quality, convenience and affordable tuition. IRSC was designated as the 4th Most Affordable College in the country by the U.S. Department of Education two years in a row, and IRSC students benefit from many scholarship and financial aid opportunities.

Every aspect of IRSC is focused on helping students succeed with small classes, an array of student support services, convenient campuses, and online courses. IRSC has been selected as an *Achieving the Dream™* college and recognized for its support of students from enrollment to employment.

IRSC offers over 150 programs, including Bachelor’s degrees, Associate in Arts degrees for continuing education at IRSC or a university, Associate in Science degrees for in-demand careers after two years of training, short-term certificate programs and Quick Job Training.

Indian River State College does not discriminate on the basis of race, color, national origin, ethnicity, sex, religion, age, disability, sexual orientation, marital status, veteran status or genetic information in its programs and activities. The following person has been designated to handle inquiries regarding non-discrimination policies:

Fort Pierce • Okeechobee
St. Lucie West • Stuart
Vero Beach
Why Choose Health Information Technology?

If you have an eye for detail and are looking for a rewarding health care career that does not involve patient interaction, this career is for you.

You’ll be a trusted member of the health care team, trained to effectively manage data for quality patient care.

Employment opportunities for health information technologists are projected to increase by about 20 percent by 2018 due to the increasing use of electronic health records and the growing and aging population.

What Will I Learn?

You’ll learn to accurately code diagnoses and procedures and to process, store and retrieve health information. You’ll participate in activities and student projects that focus on medical-legal aspects, quality improvement, health care data analysis and supervision of health information employees.

Then you’ll put what you’ve learned to work through real-world clinical experience at a local health care facility.

Upon completion, you will be eligible to take the Registered Health Information Technician (RHIT) exam.

What Are the Requirements?

■ Must meet minimum college level placement scores.
■ Must have access to a computer and the internet.

Upon notice of provisional acceptance into the program, applicants must:

■ submit a completed health form
■ complete a drug screen and criminal background check

How Can I Learn More?

You can learn more about the Associate in Science Degree in Health Information Technology by attending a Health information Technology Information Session. They are held:

2nd Tuesday of each month
4:00 p.m.
Mary L. Fields Health Science Center
Room H-306
IRSC Main Campus
3209 Virginia Avenue • Fort Pierce

Visit www.irsc.edu and click Programs & Careers. Click Health Science Programs and then Health Information Technology.
