### Why Choose Criminal Justice?

Are you ready for a challenging and exciting career protecting and serving the public?

IRSC offers both an Associate Degree in Criminal Justice Technology and a Bachelor's Degree in Criminal Justice.

You will be a respected professional in a career field that will always be needed.

According to the Bureau of Labor Statistics, employment opportunities in criminal justice are projected to increase by about 10 percent by 2018.

### What Will I Learn?

You will learn the organization, management and operation of the criminal justice system. In law enforcement, you will learn the role of the police in social control and understand the legal and philosophical issues involved. In corrections, you will learn to perform duties for the care, custody and control of individuals in prison, jail or another correctional facility. You will be prepared to serve the public as a law enforcement officer, corrections officer or specialized state or federal agent.

After completing your Associate in Science Degree in Criminal Justice Technology, continue your education at IRSC with a Bachelor of Science Degree in Criminal Justice where you will focus on all aspects of this exciting field, including criminal and delinquent behavior and its root causes; ethics and liability; evolving technologies; leadership skills; and the relationship between research, theory and practice.

You’ll be ready for a leadership career with the education you need for success in local, state and federal law enforcement, probation, corrections and private companies providing security services. The Bachelor’s Degree also provides a strong foundation for program managers, policy analysts and graduate school.
