Additional Services
The Florida Small Business Development Center (FSBDC) at IRSC offers “no cost” business consulting at all IRSC campuses for new and existing businesses.
IRSC consultants draw from their education and business experience to provide practical, relevant advice to guide and educate you, the business owner, in identifying the challenges you face and the solutions to overcome them.
Our consultants can assist you in developing a customized course of action to help you achieve your personal and professional business goals.
For more information, call 1-888-283-1177 or visit www.irscbiz.com

Elaine Williams-Bell, owner Hair is My Business, has been a satisfied FSBDC at IRSC client from her start-up phase through her second year of business.

INDIAN RIVER STATE COLLEGE is a public, comprehensive college with a nationally recognized commitment to helping students succeed. The College is ranked as the 9th top public regional college in the South by U.S. News and World Report, selected as a national Top Ten Finalist for the prestigious Aspen Prize and as an Achieving the Dream™ college for support of students from enrollment to employment. Over 30,000 people enroll in IRSC courses each year, attracted by its quality, convenience and affordable tuition. IRSC was designated as the 3rd Most Affordable College in the country by the U.S. Department of Education two years in a row, and IRSC students benefit from many scholarship and financial aid opportunities.
Every aspect of IRSC is focused on helping students succeed with small classes, an array of student support services, convenient campuses, and online courses. IRSC offers over 150 programs, including Bachelor’s degrees, Associate in Arts degrees for continuing education at IRSC or a university, Associate in Science degrees for in-demand careers after two years of training, short-term certificate programs and Quick Job Training.

Indian River State College does not discriminate on the basis of race, color, national origin, ancestry, sex, religion, age, disability, sexual orientation, marital status, veteran status or genetic information in its programs and activities. The following person has been designated to handle inquiries regarding non-discrimination policies: Anthony J. Iacono, Ph.D.

Why Choose Business?

If you are interested in versatility and a wide range of options, the field of business is the right choice for you. Every organization relies on business principles to prosper. Individuals with a broad business education are ready to start their own businesses and have the practical skills to succeed in the industry of their choice.

Get started today with the IRSC School of Business!

What Programs are Available?

Career Development Program
Want to begin your college program one step at a time? The Career Development Program will get you started in a friendly, supportive environment. Your first step is the Professional Career Program, introducing you to college and enhancing your job skills.

Certificate Programs
Want to earn a credential quickly? Get started with a certificate in accounting applications, business management, marketing operations, human resource administration, business operations, business specialist or entrepreneurship.

To launch a real estate or insurance career, complete the state-required, pre-licensing courses.

Want to work outdoors? Choose a program in golf course operations, turf equipment or pest control.

Veterans Business Institute
The Veterans Business Institute offers veterans a step-by-step approach to developing business skills and earning college credentials in a supportive environment.

What Degrees are Available?

Bachelor’s Degrees

Bachelor of Science in Accounting
Want to be a respected professional in a career field that includes tax departments, service industries, manufacturing companies, Big 4 consulting and international firms? An accounting degree offers an excellent pathway to new opportunities.

Bachelor of Science in Business Administration
Are you interested in advancing up the corporate ladder or starting your own business? As a student in this program, you will develop knowledge and skills in management, finance, human resources, accounting and technology. Many students continue to earn a Master’s Degree in Business Administration.

Bachelor of Applied Science in Organizational Management
Want to gain the competitive edge for promotion to a higher level supervisory or management position? Through this program, you will apply what you learn in the workplace. The final Capstone Project will engage you in solving a real-world business problem.

Associate Degrees

Business Administration
Gain the skills you need for a career in supervision and management.

Marketing Management
Focus on sales and marketing in diverse applications.

Accounting Technology
Get ready for an accounting position within a wide range of industries.

Agriculture Production Technology
Develop a strong foundation in agriculture from production to marketing.

Golf Course Operations
Gain expertise in golf course operations from course management, landscape design to irrigation systems and turf grass science.

Landscape and Horticulture Technology
Expand your knowledge of landscape design and all aspects of horticulture.
