Students may meet placement requirements as established 6A-10.0315 Common Placement Testing and Instruction with existing PERT, SAT, ACT or ACCUPLACER scores. Test scores must be within a two-year period for eligibility purposes. Any combination of existing placement criteria and alternative methods may be used to meet college readiness.

| MAC 2311 | ➢ ‘B’ or better grade in the following High School course: Calculus | MAC 2311 | ➢ ‘B’ or better grade in the following High School course: Calculus |

- Placement in mathematics courses will be determined by the student’s algebra or non-algebra track program of study.
- Eligibility for placement in an SLS course is an unweighted 2.5 high school GPA or higher.
- Home-school graduates without placement scores are recommended to follow the course/grade guidelines for entry into ENC1101 and MAT1033. Entry into higher level math would require evidence of successful completion of the courses specified.
